WELCOME TO EARIE 2022 in Vienna

On behalf of the Department of Economics of the University of Vienna we are delighted to welcome you to Vienna for the 49th Annual Conference of the European Association for Research in Industrial Economics (EARIE 2022).

The EARIE Annual Conference provides a yearly platform for delegates and members to present and discuss the latest research in Industrial Economics. The conference attracts more than 400 participants from Europe and other parts of the world. It offers an excellent opportunity to exchange thoughts and discuss both theoretical and applied research questions. The conference includes parallel sessions, twelve invited speakers, a keynote speaker, Katja Seim (Yale University), and four plenary panellists Patrick Rey (Toulouse School of Economics), Özlem Bedre-Defolie (ESMT Berlin), Emilio Calvano (Università di Roma – Tor Vergata), and Francesco Decarolis (Bocconi University).

Vienna is the national capital, largest city and one of nine provinces of Austria. With about 2 million inhabitants (2.6 million within the metropolitan area, comprising nearly one third of the country's population), Vienna is Austria's most populous city and its cultural, economic and political centre. It is the sixth-largest city by population within city limits in the European Union.

We would like to thank you and all other participants for the scientific input and for your overall contribution to the success of this conference. We hope you enjoy EARIE 2022 as much as we do and wish you a pleasant stay in Vienna!

The EARIE 2022 Local Organising Committee:

- Christine Zulehner, Chair
- Daniel Garcia
- Marteen Janssen
- Philipp Schmidt-Dengler
- Andrea Rosner

We very much thank our sponsors

CONFERENCE ORGANIZERS

THE UNIVERSITY OF VIENNA

The University of Vienna has a clear social mission: to educate the next generation of students and conduct research to contribute to the further development of our location's capacity for innovation. The University's openness to new ideas is therefore the driving force of research, enabling it to find answers to the greatest issues of our time. With 6,900 academics at 20 faculties and centres, the University provides strong impetus by presenting novel findings and developing innovative solutions. In the field of research, it cooperates with industry, cultural institutions, and society. Approximately 10,000 students graduate from the University of Vienna every year.

DEPARTMENT OF ECONOMICS

The department is a highly international and research-oriented department. More than 30 full-time junior and senior professors together with numerous PhD students form a community dedicated to studying all aspects of economics. Our belief is that science prospers in an open intellectual climate and in a fruitful dialogue between theory and empirics.

Throughout its history, the department has hosted economists such as Menger, Wieser, Böhm-Bawerkand, later Schumpeter and Hayek.

EUROPEAN ASSOCIATION FOR RESEARCH IN INDUSTRIAL ECONOMICS (EARIE)

The European Association for Research in Industrial Economics was founded in 1974 under the auspices of the International Institute of Management (IIM), following an initiative undertaken by well-known industrial economist, Frederic M. Scherer, and his then junior colleague, Jürgen Müller. EARIE has since flourished under the administration of the European Institute for Advanced Studies in Management (EIASM). The aim of the Association is to provide a professional society for academics and practitioners engaged in the field of Industrial Economics. EARIE consists of its members (who meet and vote annually at the EARIE General Assembly), an Executive Committee (led by a President, with input from Officers & Directors), and two floating sub-committees (the Scientific Committee & the Local Organizing Committee) – the Chairs of which are carefully selected each year to manage the main event & attraction of the Association – the EARIE Annual Conference.

INFORMATION FOR SPEAKERS

CONFERENCE ROOMS

All conference rooms are equipped with a computer with USB ports, Internet connection, Microsoft Office, Adobe Acrobat Reader, and a projector. Please use these facilities for your presentation and bring along your slides on a USB memory device. Please arrive 10 minutes prior to the start of the session to upload your presentation to the computer before the session starts.

DURATION

To ensure the smooth proceeding of the conference, please start and finish the sessions on time. Please note that each presenter has approximately 25 minutes for the presentation, the remaining time should be left for discussion.

SESSION CHAIRS

Chairs are invited to come to the room 10 minutes prior to the start of the session. They introduce the topic and the speakers, make sure that the time rules are followed and guide the general discussion following the presentation (also providing 10 and 5 minutes reminders). The last presenter of each contributed session chairs the session. We recommend keeping clarifying questions from the floor and reserving the other questions for the time of discussion.

YOUNG ECONOMISTS' ESSAY AWARDS

On the occasion of the EARIE Annual Conference, a number of best paper prizes known as the Young Economists' Essay Awards (YEEAs) are chosen by a Selection Committee (headed by that year's EARIE Scientific Committee Chair) and awarded to young economists who present exceptionally innovative and high-quality papers at the conference. As of 2006, one of the YEEAs is dedicated to the late Paul Geroski – for the paper that makes the most significant policy contribution

The awards are aimed at exceptionally innovative and high-level papers written by researchers who: (a) are under the age of 35 and (b) have completed their PhD less than 5 years ago. For papers with multiple authors, each author should satisfy both criteria (a) and (b). Each year, the YEEA for the paper that makes the most significant policy contribution is dedicated to the late Paul Geroski. Elsevier has kindly sponsored the YEEA monetary prizes, for which EARIE is very grateful.

This year's selection committee is formed by Federico Ciliberto (University of Virginia); David Genesove, Scientific Committee Chair (Hebrew University of Jerusalem); Massimo Motta, EARIE President (ICREA-Universitat Pompeu Fabra and Barcelona School of Economics); Marco Pagnozzi (Università di Napoli Federico II); Michelle So-vinsky (Universität Mannheim) and Frank Verboven (KU Leuven).

This year's winners will be announced during the dinner at Vienna City Hall. We recommend potential candidates to attend the event.

The finalists are

- **Rodrigo Carril** ^(**) (Universitat Pompeu Fabra and Barcelona School of Economics)
“Rules Versus Discretion in Public Procurement”
- **Renata Gaineddenova** ^(*) (University of Wisconsin-Madison)
“Pricing and Efficiency in a Decentralized Ride-Hailing Platform”
- **Youming Liu** (Bank of Canada)
“Competition for Exclusivity and Costumer Lock-in: Evidence from Copyright Enforcement in China”
- **Michael Rubens** ^(*) (UCLA)
“Oligopsony Power and Factor-Biased Technology Adoption”
- **Andrew Steck** (University of Toronto)
“Industry Dynamics with Social Learning: Evidence from Hydraulic Fracturing”

^(*) Winner of the Young Economist's Essay Prize

^(**) Winner of the 16th EARIE Paul Geroski Prize for the most significant policy contribution

PRACTICAL INFORMATION

COVID 19 SITUATION

Please note that it is mandatory to wear a FFP2 mask in all public transport. Please find a mask in your EARIE conference bag. Due to the current Covid situation we kindly ask you to wear a FFP2 mask indoors as well. You can remove your mask during your presentation or when asking questions.

EMERGENCY

In emergency situations, you can contact the local police, ambulance service, fire department and other emergency services by calling 112.

MEDICAL SERVICES

If you need to see a doctor or dentist, we recommend contacting your hotel's reception desk. Please note that medical services are not free.

CURRENCY, ATMs and TIPPING

The currency used in Vienna is Euros (€). ATMs are widely available. Most shops and restaurants accept all major credit and debit cards and cash. 5-10% tip is common in restaurants.

INTERNATIONAL DIALING CODE and TIME ZONE

Austria: +(43)
UTC +02:00

LANGUAGE

German is the official language in Austria, but English is widely spoken. The official conference language is English. No translation services are offered

WATER

Tap water is safe to drink in Austria. Please find a reusable bottle in your conference bag.

ELECTRICITY

The standard electrical voltage in Austria is 220 volts AC, 50 Hz. Austria uses 2-pin Schuko sockets and plugs.
